

BEFORE THE BOARD OF COUNTY COMMISSIONERS
OF RICE COUNTY, KANSAS

IN THE MATTER OF THE ADOPTION OF A
NEIGHBORHOOD REVITALIZATION PLAN
FOR A PORTION OF RICE COUNTY, KANSAS

REVITALIZATION PLAN

The Board of County Commissioners of Rice County, Kansas pursuant to the Kansas Neighborhood Revitalization Act, K.S.A. 1996 Supp. 12-17, 114 et. Seq., does hereby adopt a Neighborhood Revitalization Plan (herein sometime called “Plan”) for a portion of the County of Rice as follows:

FINDINGS

1. Rice County currently suffers from poor economic conditions as evidenced by the following:

(a) Rice County incomes are below statewide averages. The per capita personal income for Rice County in 2014 was \$23,633, compared to the state of Kansas per capita income of \$27,367. That puts Rice County ranked 95 out of 105 counties in this statistic. In 2010, we had 13.7% of our population earning incomes below poverty level in Rice County, and the statistics from 2014 show 16.5% of individuals below the poverty level. (Source: The University of Kansas Institute for Policy and Social Research, 2010-2014 American Community Survey 5-Year Estimates, and 2010 US Census Data)

(b) Rice County’s population growth is below state and national norms and has actually dropped 4.03%, from 10,396 to 9,977 between 2005 and 2015 according to the latest figures. The state of Kansas grew by 6.06% from 2005 to 2015, approximately the same period. Rice County ranks thirty-nine in population out of 105 counties. The projected population for the year 2020 is 9,711; the projected population for the year 2030 is 9,250; and the 2040 projection is 8,668. (Source: U.S. Census Bureau, Population Estimates Division and Center for Economic Development and Business Research, W. Frank Barton School of Business, Wichita State University)

(c) The median age of Rice County is 38.6 years as of 2010. Almost 18% of the population of Rice County is 65 years or older, ranking it 45th in the state. The County has 1801 people 65 and over. With this number of the population over 65, the County has many residents not in the labor force, living on fixed incomes. This does not enable them to renovate or rehabilitate their homes. With an older population, the labor force is less able to adapt to new technologies and undergo new training. (Source: 2010-2014 American Community Survey 5-year estimates)

(d) According to 2010-2014 statistical data, 89% of the County's population over 25 years of age are high school graduates, in comparison to the state of Kansas' statistics of 90.0% high school graduates. In 2013, the County had 654 people over 25 years of age with less than a high school graduate education. (Source: The University of Kansas Institute for Policy and Social Research and the US Census Bureau)

(e) Coupling the aging population with the out-migration of youth to urban areas poses problems for future income earnings and leadership in the County. If this decreasing trend continues, either tax rates must increase, or cut backs will be made to public services.

(f) As of 2010, the housing units have gone from 4868 units in 1990 to 4548 units in 2010. The number of households in the county has gone from 4050 in 2000 to 3906 in 2010. (Source: United States Census 2010 and the University of Kansas Institute for Policy and Social Research)

(g) The total assessed valuation for Rice County in 2016 was \$129,820,770, or \$13,012 per capita, ranking approximately 45th in the state (Source: Rice County Clerk's office and Kansas Association of Counties Research Report).

2. Notice of hearing on this Plan has been given pursuant to K.S.A., 1996 Supp, 12-17,117(c) by publication in the Lyons News, official county newspaper, in the dates published, December 8, 2006 and December 15, 2006 editions of such newspaper and proof of such publication has been filed in the office of the County Clerk of Rice County.

2a. Notice of hearing on the amendment of this Plan has been given pursuant to K.S.A., 1996 Supp, 12-17,117(c) by publication in the Sterling Bulletin, official county newspaper, in the dates published, February 9, 2012 and February 16, 2012 editions of such newspaper and proof of such publication has been filed in the office of the County Clerk of Rice County.

2b. Notice of hearing on the amendment of this Plan has been given pursuant to K.S.A., 1996 Supp, 12-17,117(c) by publication in the Sterling Bulletin, official county newspaper, in the dates published, November 17, 2016 and November 24, 2016 editions of such newspaper and proof of such publication has been filed in the office of the County Clerk of Rice County.

3. By reason of the findings made in paragraphs 1 and 2 above, the County Commissioners further finds that a majority of the conditions as described in subsection (c) of K.S.A. 1996 Supp. 12-17, 115 exist in the portions of Rice County and are eligible for designation under the Kansas Neighborhood Revitalization Act and that the rehabilitations, conservation and redevelopment thereof is necessary to protect the public health, safety and welfare of the residents of these portions of the County of Rice.
